

NOTICES OF RULEMAKING DOCKET OPENING

Notices of Public Information contain corrections that agencies wish to make to their notices of rulemaking; miscellaneous rulemaking information that does not fit into any other category of notice; and other types of information required by statute to be published in the *Register*. Because of the variety of material that is contained in a Notice of Public Information, the Office of the Secretary of State has not established a specific format for these notices.

2. Subject matter of the proposed rule:

This rulemaking governs Arizona's logo sign program, created under A.R.S. § 28-7311. Logo signs (or specific service information signs) provide motorists with specific service information, such as gas, food, lodging, and camping, within the required distance of a highway. The current rule does not reflect numerous amendments and modifications to the criteria established by the federal government, nor does the rule reflect the changing demographics of Arizona from the recent U.S. Census which imposed boundary changes in the logo sign program. This rulemaking arises from proposed agency action in the five-year review report approved by the Governor's Regulatory Review Council on May 2, 2000 (F-00-0402).
